Office of the Secretary of State

60 Empire Dr., Suite 100

St. Paul, MN 55103

Dear Sec. Ritchie:

I believe that your amendments to our election laws invite fraud and weaken our ability to have fair elections.

Allowing someone to use an out-of-state drivers license to register is ridiculous.

Allowing someone to use a high school ID, is also ridiculous.

Allowing someone to vouch for others and going into the booth to vote for them invites the worst kind of voter fraud.

Allowing online registration to vote should not be allowed, as it invites thousands of people to commit voter fraud.

Please do not allow this to happen.

Marlyn Post
