Entities that own, lease, or have any financial interest in agricultural land or land capable of being farmed must register with the MN Dept. of Agriculture's Corporate Farm Program.

Does this entity own, lease, or have any financial interest in agricultural land or land capable of being farmed?
 Yes No

The corporation pursued the our specific benefits by working closely within networks the officers created in the past. Important network partners include; the East Lake Street Council, and the Film Society of Minneapolis and St. Paul. The officers of the corporation also created new networks contacts with Latino owned restuarants to partner for events, Sonora Grill is a great example, for the Taco Tour event specifically. The corporation and it's officers actively pursued all opportunities to be involved in and create more public benefit opportunities.

We were slightly limited this year to the extent in which we could pursue our public benefit because we were also spending a considerable amount of time looking for our new location and its buildout to provide a Taproom and Production facility. In 2018 we hope to use these new facilities to create more opportunities for public benefit. Other limiting circumstances were mainly due to the corporations small size and staff but most of the community we encountered have been happy to help us.
