Voters registered as of 7 am on Election Day from voting statistics as reported to the State Canvassing Board by county canvassing boards. The estimate of citizens aged 18 and over by county is from the US Census 2019-2023 American Community Survey.

Statewide percent is the total voters registered statewide divided by the total estimated population of citizens aged 18 and over. County average is the average percentage among all 87 counties.

Note that this map uses the Census' Citizen Voting Age Population as an estimate of eligible voters, but for its official statewide turnout figure, Minnesota uses the estimate of eligible voters from the Election Lab at the University of Florida. See <https://election.lab.ufl.edu> for details.
