Does this entity own, lease, or have any financial interest in agricultural land or land capable of being farmed?
Yes No

2020

ANNUAL BENEFIT REPORT

PREPARED BY

**APEX EFFICIENCY SOLUTIONS
A MINNESOTA
SPECIFIC BENEFIT CORPORATION**

www.apex-co.us

March 3, 2021

HISTORY OF APEX

Apex Efficiency Solutions was founded in 2012 as a result of our ownership team growing tired of the way Energy Service Companies delivered renewable energy and energy efficiency projects. Our new business model has changed the way our projects are developed, marketed, and delivered.

Apex Efficiency Solutions was incorporated as a Minnesota Public Benefit Corporation on January 2, 2015.

Apex's goal is to improve the environment by upgrading the energy efficiency of buildings, reducing both the carbon emissions and pollution that is released to the environment from these facilities. The company also serves the less fortunate by helping alleviate poverty, improving educational opportunities, providing housing and addressing the exploitation of children.

PURSUIT OF OUR MISSION

Regarding the period covered by this report, January 1, 2020 to December 31, 2020, Apex Efficiency Solutions pursued the specific benefit purpose stated in its articles of incorporation in the following ways.

Apex Efficiency Solutions works with commercial and industrial clients to improve their energy efficiency. We do that by identifying potential energy saving opportunities, and then working with them to quantify the costs and savings associated with those opportunities, ultimately implementing them and then providing measurement and verification of the actual savings achieved.

We believe that Apex Efficiency Solutions was successful in achieving the goals of our specific benefit purpose in the following ways.

Apex Efficiency Solutions currently had a number of projects under construction, however those projects that started in 2020 did not reach final completion by the end of the year.

As one of the first Specific Benefit Corporations in Minnesota, we strive to alleviate poverty and homelessness, as well as improve education opportunities and address the exploitation of children. We tithed corporate profits into the Apex Foundation to assist with this mission.

APEX FOUNDATION

It is our goal at Apex to continuously improve the world through the implementation of fiscally-responsible and environmentally-friendly projects. Plus, we actively work to improve the community around us and abroad by dedicating a portion of each year's profits to these causes. Half of Apex Foundation's assets are used to help in the local community. The other half of the assets are used globally to help fight poverty and injustice.

In 2020, Apex donated \$500.00 to nine local nonprofits in and around the twin cities. On top of the monetary donations Apex employees enjoy getting hands-on with the non-profits that we support and partner with. Unfortunately due to Covid and the restrictions that have been imposed on numerous businesses and organizations, our employees were not able to volunteer their time with our partner organizations in 2020.

Also due to Covid, and International travel restrictions, we were unable to complete our company paid trip to Haiti, where we partner with World Wide Village and serve alongside our Haitian brothers and sisters. While there we teach job skills, help construct homes, develop and plan agricultural and business programs, lead children's programs and build lasting relationships with the people and communities where we serve.

Apex did donate \$1,405 to WWV in 2020 to help a small village school in the mountains that our company has committed to supporting. This donation was on top of the monthly recurring donations that our employees have decided to donate out of their pockets.

CERTIFICATION BY THE BOARD MEMBERS

The undersigned, being all the directors of Apex Efficiency Solutions, SBC, hereby acknowledge and certify that we have reviewed and approved the enclosed Annual Report.
