Entities that own, lease, or have any financial interest in agricultural land or land capable of being farmed must register with the MN Dept. of Agriculture's Corporate Farm Program.

Does this entity own, lease, or have any financial interest in agricultural land or land capable of being farmed?
Yes No

ANNUAL BENEFIT REPORT FOR LOCAL BLASTS GBC for calendar year 2020

Attachment for paragraph 3 of Minnesota form

The Board of Directors of Local Blasts GBC (the "Company") in 2020 again chose and adopted BCorp as our third-party standard and we have determined BCorp to be independent. Our third-party standard is being applied in a manner consistent with its application in prior years.

During calendar year 2019 and early 2020, the Company completed development of our proprietary hardware and software technology for our innovative Sweepstakes Wheel platform, and we also tested our proprietary platform at actual venues including a leading auction site and a major Minneapolis farmers market.

In 2020 the Company developed and published brochures and other commercial marketing materials, and we have commenced targeted marketing activities toward both commercial and charitable organizations.

Because of the COVID-19 pandemic, we had to discontinue and cancel our sweepstakes activities which were established for taking place in 2020 in the Minneapolis Skyway system; however, we plan to initiate sweepstakes events in such Skyway system after it is again safe to do so.

Our proprietary sweepstakes system has been designed and developed for both commercial and charitable uses, with our charitable clients receiving a material percentage of all donations obtained through use of our platform. Our targeted demographic beneficiaries/clients include both commercial businesses and charitable organizations of all types and sizes.

We believe the BCorp standard we are using is the most cost-effective and appropriate for the Company. Our system was designed to influence and foster the charitable donations sector by eliminating fraud and misuse in charitable sweepstakes transactions. The Company also believes using our innovative sweepstakes wheel platform will increase charitable donations to our charity organization clients due to its exciting influence on donors and others.

As a small start-up corporation with no full-time employees, it is difficult for the Company to satisfy or improve some of the metrics outlined in our assessment standard, but we will continually address such challenges in the future.
