RE: Annual Benefit Report of The Station GBC

Our company has pursued general public benefit with reference to B-Lab's independent third-party standard, Impact Assessment, by using local suppliers, focusing on serving a local underserved market, and using energy efficient and sustainable technologies to maximize net-positive impact.

B-Lab's Impact Assessment was chosen for a number of reasons. We support their declaration of interdependence. Their assessment's categories and principles resonate well with the vision and mission of our organization. Also, their online assessment can act as our live dashboard by updating it throughout the year with our progress.

Activities that correlate directly with B-Lab's Impact Assessment include:

- Opening a checking account with a local bank
- Choosing an energy efficient host CloudFlare to stage our website
- Improving sustainability of our policies and procedures

The main circumstance that hindered efforts to pursue or create general and specific public benefits was limited financial resources.

This annual benefit report was approved by our board of directors on 3/24/23.
