RE: Annual Benefit Report of The Station GBC

Our company pursued general public benefit with reference to an independent third-party standard, Impact Assessment, by using local suppliers, focusing on serving a local underserved market, and using energy efficient and sustainable technologies to maximize net-positive impact. B-Lab's Impact Assessment is being applied in a manner consistent with prior reports.

Activities that correlate directly with B-Lab's Impact Assessment include:

- Improving sustainability of our website using first principles of design
- Setting up more energy efficient ways to stage, host, and secure our website locally
- Converting to LED lighting

The main circumstance that hindered efforts to pursue or create general and specific public benefits was limited financial resources.

This annual benefit report was approved by our board of directors on 3/24/25.
