of  
FLAREAN, SBC,  
A Minnesota Specific Public Benefit Corporation

March 15, 2017<sup>1</sup>

---

<sup>1</sup> Report must be received by the MN SOS by April 1, 2017 so this date should be prior to April 1, 2017

Flarean, SBC was incorporated on 4/23/2015 as a Specific Benefit Corporation with a Specific Public Benefit under Minnesota's Public Benefit Corporation Act (the "Act"). Pursuant to Section 304A.101 of the Act, specific public benefit purpose as stated in it's Articles of Incorporation is:

**- to create products and services that promote public safety.**

With regard to the period covered by this report, January 1, 2016 to December 31, 2016, Flarean, SBC pursued the specific public benefit purpose stated in its articles of incorporation in the following ways:

- Worked on developing our prototype and network to further explore public safety functionality for college campuses.

**The following is a description of how we believe we succeeded in achieving the goals of our specific public benefit purpose.**

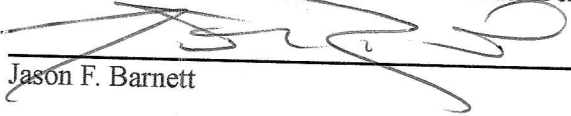

- With our work developing our prototypes and network further, we have a more robust public alert system targeted at college campuses.
- We are working with the University of Saint Thomas to test and develop our system to communicate safety threats to the student body.

**The following is a description of what prevented us from achieving the specific public benefit purpose, to the extent that we did not pursue or create the specific public benefit in this reporting year.**

We are still in the pre-revenue stage of this startup and are working on securing investment so we can implement the system we're developing. Once we have the proper investment, we will be able to execute our public benefit for targeted communities like college campuses.
